

PERMIT CONDITIONS

The numerical section references in this Permit are based on Maricopa County Air Pollution Control Rules and Regulations (Rules) in effect on the date of issuance of these Permit Conditions. In the event that these rules are revised to change the numerical references during the term of this Permit, the revised numbering system will apply to this permit.

GENERAL CONDITIONS:

1. **Certification:** Any document which is required to be submitted by this Permit or the Rules shall contain certification by a responsible official of truth, accuracy and completeness. This certification shall state that, based on information and belief formed after reasonable inquiry, the statements and information in the document are true, accurate and complete.
2. **Controls:** Except as provided by the applicable Rules or these Permit Conditions, the Permittee shall not operate any equipment or process unless air pollution controls, required by either this Permit or the Rules, are in place, are operating without bypass, and are operating within their design parameters and in accordance with any other conditions specified in this Permit

The Permittee shall notify the Control Officer, in accordance with Rule 220, before making any additions, modifications or replacements to any air pollution control equipment. This notification requirement does not apply to normal maintenance and repair activities.

3. **Fees:** The Permittee shall pay, in a timely manner, an annual fee for this Permit as determined by the Control Officer in accordance with Rule 280.
4. **Fugitive Dust:** The Permittee shall take all reasonable precautions to minimize the emissions of fugitive dust in accordance with §300 of Rule 310.
5. **Leased/Rented/Borrowed Equipment:** If the Permittee leases, rents, or lends any equipment covered by this permit to a second party, the Permittee shall provide the second party with a copy of this Permit. It is the responsibility of the person using the equipment to make sure that the equipment is properly permitted and operated. If the Permittee does not provide the second party with a copy of this Permit, both the Permittee and the second party shall be responsible for operating the source in compliance with the Permit and for any violation thereof.
6. **Maintenance:** The Permittee shall keep all equipment under this Permit in good working order through an active maintenance program established in accordance with the approved Operation and Maintenance Plans or, in its absence, with manufacturers' recommendations, and generally accepted industry standards.
7. **Malfunctions (Emergency Upsets):** A malfunction that causes emissions in excess of those allowable by either the Rules or these Permit Conditions shall constitute a

violation. Any affirmative defense of a violation caused by a malfunction shall be documented in accordance with §501 of Rule 100.

8. **Material Containment:** Materials including, but not limited to, solvents or other volatile compounds, paints, acids, alkalies, pesticides, fertilizer and manure shall be processed, stored, used and transported in such a manner and by such means that they will not unreasonably evaporate, leak, escape or be otherwise discharged into the ambient air so as to cause or contribute to air pollution.
9. **Modifications:** The Permittee shall notify the Control Officer, in accordance with the Rules, of changes, replacements or additions to the source which are not covered by this Permit.
10. **Odors:** The Permittee shall not emit gaseous or odorous air contaminants from equipment, operations or premises under his control in such quantities or concentrations as to cause air pollution.
11. **Operations:** The Permittee shall operate all equipment and processes in accordance with these Permit Conditions, applicable approved operations and maintenance plans, and all applicable requirements of Federal laws, Arizona laws, and Maricopa County Air Pollution Control Rules and Regulations.

The Permittee shall halt or reduce activities if necessary in order to maintain compliance with these Permit Conditions, all approved operations and maintenance plans, and all applicable requirements of Federal laws, Arizona laws, and Maricopa County Air Pollution Control Rules and Regulations.

12. **Record Keeping:** The Permittee shall maintain accurate records as required by these Permit Conditions and by Section 500 of all applicable Rules. These records shall be kept in a form which allows easy verification of compliance with these Permit Conditions and any applicable Rules.

All records shall be kept for a minimum of five years.

All records required by this Permit shall be made available for inspection upon request by a representative of the Control Officer.

Upon request, the Permittee shall furnish to the Control Officer copies of records required to be kept by this permit.

13. **Renewal:** The Permittee shall file an application for a permit renewal at least six months, but not more than 18 months, before the expiration date of this Permit.
14. **Reopening For Cause:** This Permit shall be reopened or revised prior to expiration under any of the following conditions:
 - a. either the Control Officer or the Administrator of the United States Environmental Protection Agency (Administrator) determines that this Permit contains a material mistake or that inaccurate statements were made in establishing the emission standards or other terms or conditions of this Permit, or

- b. either the Control Officer or Administrator determines that this Permit must be revised or revoked to assure compliance with the applicable requirements.

15. **Reporting:** If notified, the Permittee shall submit an annual emissions inventory report to the Control Officer. The report shall summarize the activities and air pollution emissions from the facility during the previous calendar year in accordance with §507 of Rule 100. The report shall be filed on a form supplied by the Control Officer and shall be due by April 30 or 90 days after the Control Officer makes the forms available, whichever is later.

The Permittee shall furnish to the Control Officer, within a reasonable time, any information that the Control Officer may request in writing to determine whether cause exists for revising or revoking and reissuing this Permit or to determine compliance with this Permit.

Upon request, the Permittee shall furnish to the Control Officer copies of records required to be kept by this Permit.

The Permittee shall file any additional reports required by the Control Officer in a complete and timely manner.

16. **Right to Entry:** The authorized representative of the Control Officer, upon presentation of credentials, shall be permitted:
- a. to enter upon the premises where the source is located or emissions-related activity is conducted, or in which any records are required to be kept under the terms and conditions of this Permit, and
 - b. to have access to and copy, at reasonable times, any records required to be kept under the terms and conditions of this Permit, and
 - c. to inspect any source, at reasonable times, equipment (including monitoring and air pollution control equipment), practices or operations regulated or required in this Permit, and
 - d. to sample or monitor, at reasonable times, substances or parameters for the purpose of assuring compliance with this Permit or other applicable requirements, and
 - e. to record any inspection by use of written, electronic, magnetic, and photographic media.

No claim of confidentiality for trade secrets or commercial information available to the Permittee under Arizona Revised Statutes (ARS) 49-487 or Rule 200 §400 can limit the scope of or otherwise interfere with an on-site inspection by a representative of the Control Officer.

17. **Rights and Privileges:** This Permit does not convey any property rights nor exclusive privileges of any sort.
18. **Severability:** The provisions of this Permit are severable, and, if any provision of this Permit is held invalid, the remainder of this Permit shall not be affected thereby.

19. **Start-up Notification:** The Permittee shall give written notification to the Department, Attention Compliance Supervisor, at least 7 days but no more than 30 days before the initial start-up of any new equipment or process. Start-up shall be defined as the use of any equipment or process covered by this Permit in a manner that emits or controls a regulated air pollutant. However, startup shall not be considered as having occurred if the equipment or process is operated solely for the purpose of calibration or test runs.

This startup notification does not apply to processes or equipment recognized by the Control Officer as being trivial or insignificant activities.

20. **Temporary Equipment:** The Permittee shall notify the Control Officer and obtain appropriate approval, in accordance with the Rules, prior to the installation or operation of any temporary or contractor operated equipment not covered by this Permit.

SPECIFIC CONDITIONS:
